

# Test Summary Report

## Project Information

- **Project Name:** StudyWay
  - **Application Type:** Web Application
  - **Testing Type:** Manual Testing
  - **Tester:** Esraa
  - **Browsers Tested:** Chrome, Edge, Mobile Chrome
  - **Test Scope:**  
Home Page, Navigation Menu, Colleges Page, Registration, Login, Forgot Password, Exams, UI & Validations
- 

## Test Execution Summary

Metric	Count
Total Test Cases	19
Passed	13
Failed	6
Blocked	0
Not Executed	0

---

## Defect Summary

Severity	Number of Bugs
High	1
Medium	4
Low	1
<b>Total Bugs 6</b>	

---

## Key Issues Identified

- Inconsistent UI layout in college cards.
- Registration flow lacks confirmation messages.
- Missing City selection for Jordan universities.
- Input validation issues in registration fields.
- Weak password policy enforcement.
- Invalid email accepted during registration.

---

## **Overall Assessment**

The main functionalities of the application are working as expected.  
Several functional and UI defects were identified, mainly in the **Registration** and **Colleges** modules.
